Lou – OPARM pulled these facts sheets up from our FY17 budget exercise and they look good – might just need to be updated since they are from Feb/March 2016. Let me know next week what you all think. We could submit two IRIS fact sheets since the issues and potential questions tend to be broad.

Thanks,

Here are the ones we did for the FY 17 PB. Please note that the first one was sent to OCIR and second was just internal to ORD so it didn't get reviewed by anyone except NCEA.

Thanks!

Thanks Jamie! Could you send me the most recent IRIS budget fact sheet? I don't have anything that is recent --I only have a 4 pager about the IRIS Enhancements.

Thanks and enjoy your Memorial Weekend!

Subject: Administrator set to Testify: June 22nd with HSST

Hello folks,

Just heard that the Administrator is set to testify in front of the House Science, Space and Technology Committee on June 22nd. **The subject of the hearing is EPA's regulatory agenda, scientific justifications for rules, and how projected benefits compare with the costs of implementation.**

OCIR has only requested information on the IRIS Program from ORD – but I suspect they will ask for additional fact sheets next month. Stay tuned for those updates and I am waiting for the official invitation from the Committee.

For now – they have asked for a **one-pager on the IRIS Program by June 6th** and I'll connect with Lou D'Amico on this shortly.

Thanks,
